911.112	Acetate spectacles. Anti-fogging and anti-abrasion treatment treatment	M 1 F N CE	M EN166 3 F CE

## Neutral eye protection

<b>Standard and certification</b>	EN 166						
<b>Applications</b>	Protects from impacts at high velocity and medium energy. Also protects from drops of liquid. Sectors: chemical-pharmaceutical, automotive industry, painting, plastics, fumigations, agriculture, lathes, polishers, etc. The acetate version is especially indicated for painters (silicone free).						
<b>Conservation Storage - Expiry</b>	In order to maintain the spectacles in good condition, keep them in a clean, dry place in their appropriate case.						
<b>Directions Use</b>	Cleaning: use tepid water and a neutral soap. Do not use abrasives or solvents. Rinse in water and dry with a soft cloth. Medop anti-fogging cleaning spray is also recommended. We advise regular inspection of the protectors, and their replacement if they have deteriorated in any way. Please ensure that the risk present in the workplace corresponds with the field of use of these protectors.						
<b>Presentation</b>	12 units per box. 10 boxes per carton.
