

Turkan helmet adapter

Body protection: head protection

Description and composition:

Turkan helmet adapter, manufactured in nylon with 5 universal anchor buttons. Helmet adjustment is via a simple clip fastener, avoiding unwanted unfastening during use for increased security.

Keep-up/keep-down mechanical anchoring system **safe system**. Makes removal of the visor easier, without the need to take off the helmet.

Compatible with the following visors:

- 912816: polycarbonate visor, 1 mm (39B)
- 911514: mesh visor
- 912817: DIN 5 acetate, reference

Colour: ●

Weight: 109 g

Easy adjustment

5 universal anchor buttons

Valid for TURKAN helmets

Ref.	Product	Marking
912815	Helmet adapter	39 B EN 166

Body protection: head protection

Standard and certification	EN 166 EN 173						
Applications	For use in industries and tasks that require a safety helmet, and mainly in situations where it is necessary to stop the helmet from falling due to specific conditions of the workplace, sudden movements, wind, high-altitude work, etc.						
Conservation Storage - Expiry	For correct conservation, apply the same care as to the safety helmet. Cleaning and disinfection are especially important if the user sweats profusely.						
Instructions Use	Attach to the helmet, adjusting the two available buckles to the sides of the helmet and close the clip to stop them from coming undone while in use.						
Presentation	Individually packed: 1 unit 50 unit bag
