Prescription welding eye protection

Standard and certification	EN-166 - EN 169									
Applications	Protection against low-energy impacts and welding radiation. Sectors: mainly the steel industry, foundries, shipping, etc. and especially recommended for work requiring prescription spectacles to be used.									
Conservation Storage - Expiry	In order to maintain the spectacles in good condition, keep them in a clean, dry place in their appropriate case.									
Directions Use	Cleaning organic and polycarbonate: use warm water and a neutral soap. Do not use abrasives or solvents. Rinse in water and dry with a soft cloth. Medop anti-fogging cleaning spray is also recommended. We advise regular inspection of the protectors, and their replacement if they have deteriorated in any way.									
Presentation	NEUTRAL sale units: 25 units per box 10 boxes per carton (Prescription lens spectacles: no minimum units required)									
Measurements	Size M: Bridge width: 17 mm Lens width: 53 mm
