# Prescription eye protection

<b>Standard and certification</b>	EN 166 / EN 170 / EN 172																		
<b>Applications</b>	Impact protection Sectors: construction, F&B, textile, paper and graphic arts, agricultural activities, forestry, automotive industry, plastic, outdoor activities (solar version), etc.																		
<b>Conservation Storage - Expiry</b>	In order to maintain the spectacles in good condition, keep them in a clean, dry place in their appropriate case.																		
<b>Directions Use</b>	Cleaning: use warm water and a neutral soap. Do not use abrasives or solvents. Rinse in water and dry with a soft cloth. Medop anti-fogging cleaning spray is also recommended. We advise regular inspection of the protectors, and their replacement if they have deteriorated in any way. Please ensure that the risk present in the workplace corresponds with the field of use of these protectors.																		
<b>Presentation</b>	NEUTRAL sale units: 12 units per box. 25 boxes per carton. (Prescription lens spectacles: no minimum units required)
