

New fitted to helmet

Face Protection

Description and composition:

Helmet adapter by means of a connector supplied along with the adapter. Tilt adjustable, which allows it to be placed in raised position when not being used.

Length may be adjusted for better adaptation to helmet visor. Simple visor placement.

Visors currently available: black metallic mesh visor.

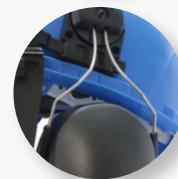

The helmet adapter may be used along with the Medop Helmet headphone (Ref. 907516) for total protection: head, face and hearing.

Mesh visor

Adapter compatible with helmet headset (Ref. 907516)

Adjustable angle
