

# Resolution

· Red frames

· Mirrored lenses

· Polarised lenses

· Yellow lenses

## Neutral eye protection

### Description and composition:

**Xylex frames** with non-slip TPR temples. Available in two colours: green and red.

**Neutral lenses** in versions: **mirrored, polarised and yellow.** Mirrored and polarised spectacles come with a spare pair of yellow lenses (high-visibility).

Lenses treated with Antifog® technology that prevents lens fogging, allowing for much sharper vision.

ANTIWIND DESIGN with 30% more side protection, shielding the eyes from the wind.

Adjustable length temples. Anti-impact nose pads.

Delivered with a protective case with a carabiner.

**Calibre:** 75 mm x 15 mm

**Optical class:** 1

**Colour:** ● ●

**Weight:** 32 g

## Prescription eye protection

<b>Standard and certification</b>	CE																																						
<b>Applications</b>	Protection against impacts, particularly suitable for practising sports. Suitable for outdoor sports (polarised or mirrored lenses) or activities where high-visibility (yellow) lenses are required. Cycling, running, trekking, mountain sports, climbing, triathlon, hunting-shooting, fishing, sailing, etc.																																						
<b>Conservation Storage - Expiry</b>	In order to maintain the spectacles in good condition, keep them in a clean, dry place in their appropriate case.																																						
<b>Instructions Use</b>	Cleaning: use warm water and a neutral soap. Do not use abrasives or solvents. Rinse in water and dry with a clean and soft cloth. Medop anti-fogging cleaning spray is also recommended.
